

BAMBOO SHADES

By Andrea Lee

THE IDEA

I began by thinking about what I wanted to create and I decided that I wanted to make a pair of cool sustainable sunglasses using Laminated Bamboo Veneer

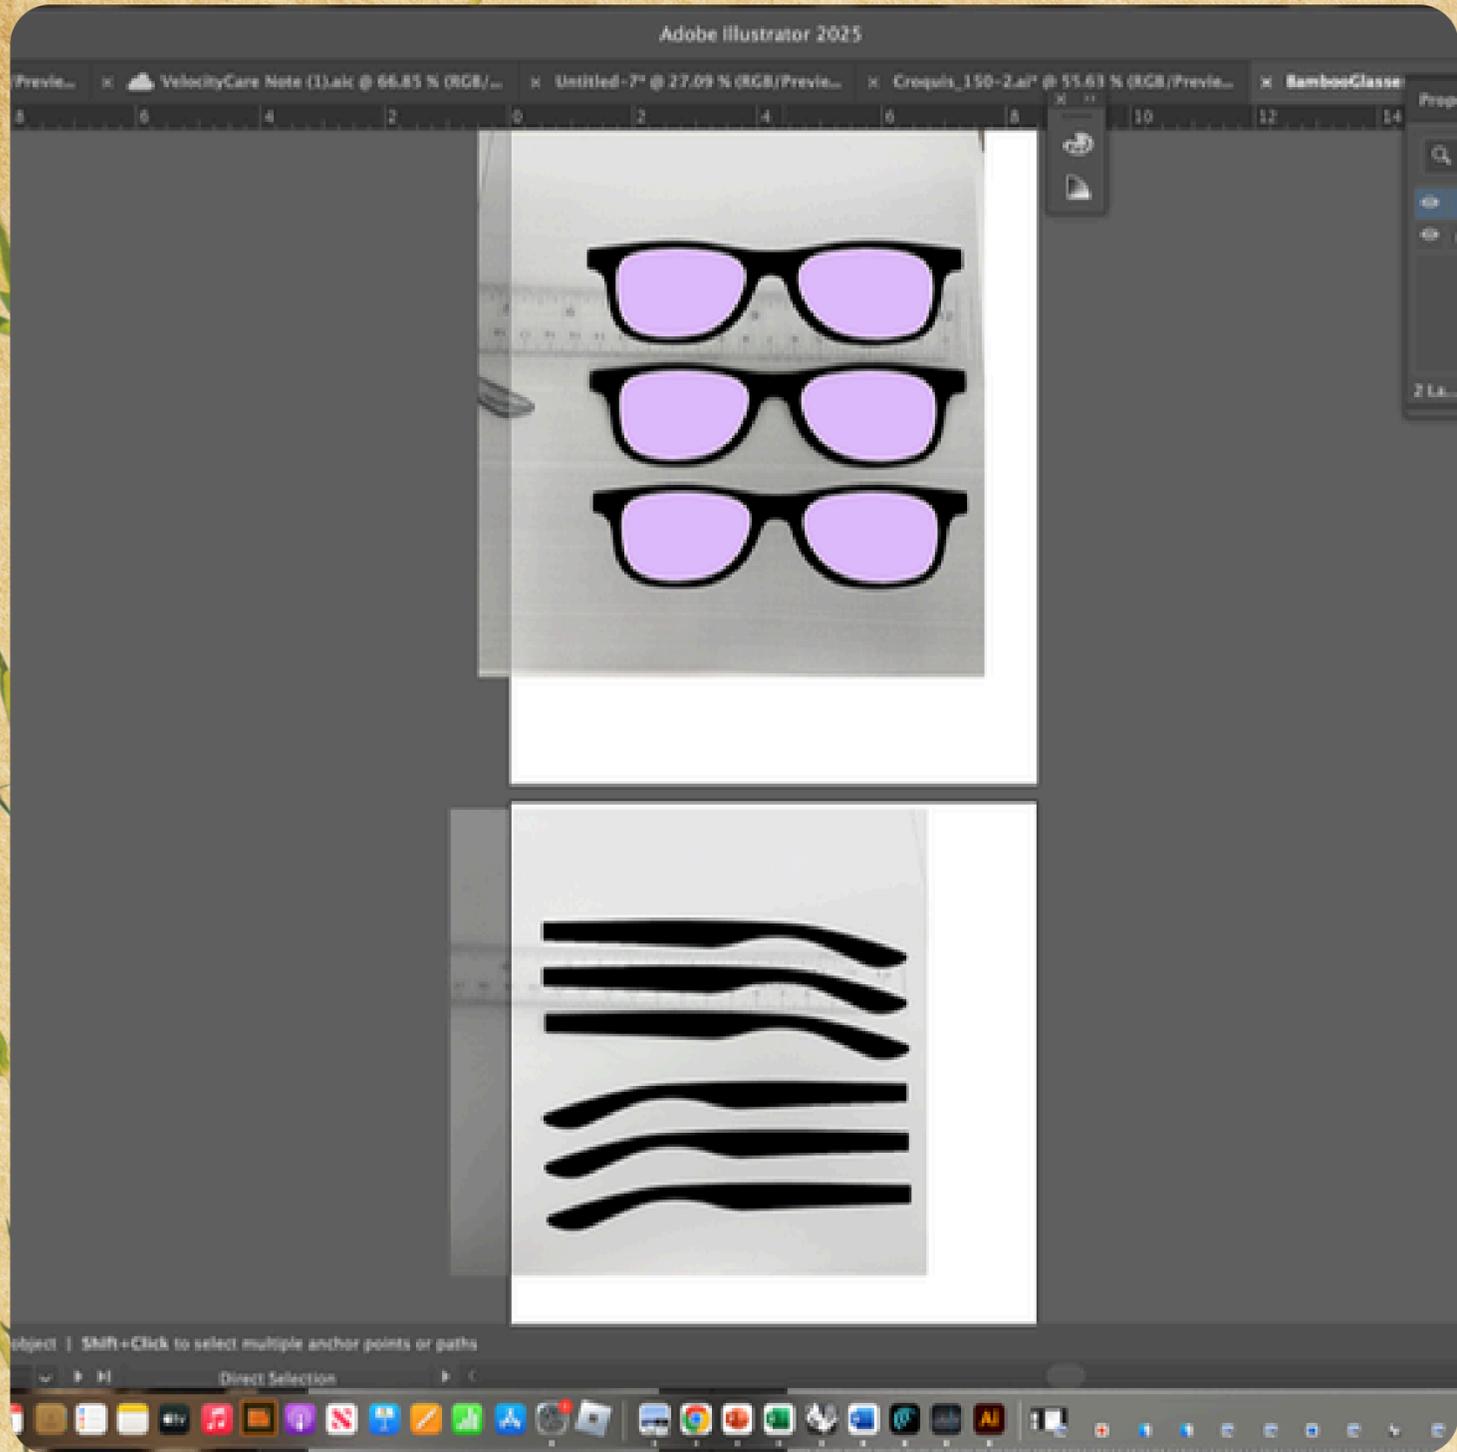

MATERIALS

- Laminate Bamboo Veneer
- Sandpaper
- Titlebond glue
- Polyurethane spray
- Ruler
- Eyeware tool kit
- Clamps

FIRST STEPS

ADOBE ILLUSTRATOR

LASER CUTTING

SANDING AND GLUEING 1ST PROTOTYPE

FINISHED 1ST PROTOTYPE + ERRORS

- I only used one vertical grain of veneer for the layers
- I used 3 layers for each of the 3 pieces of frame

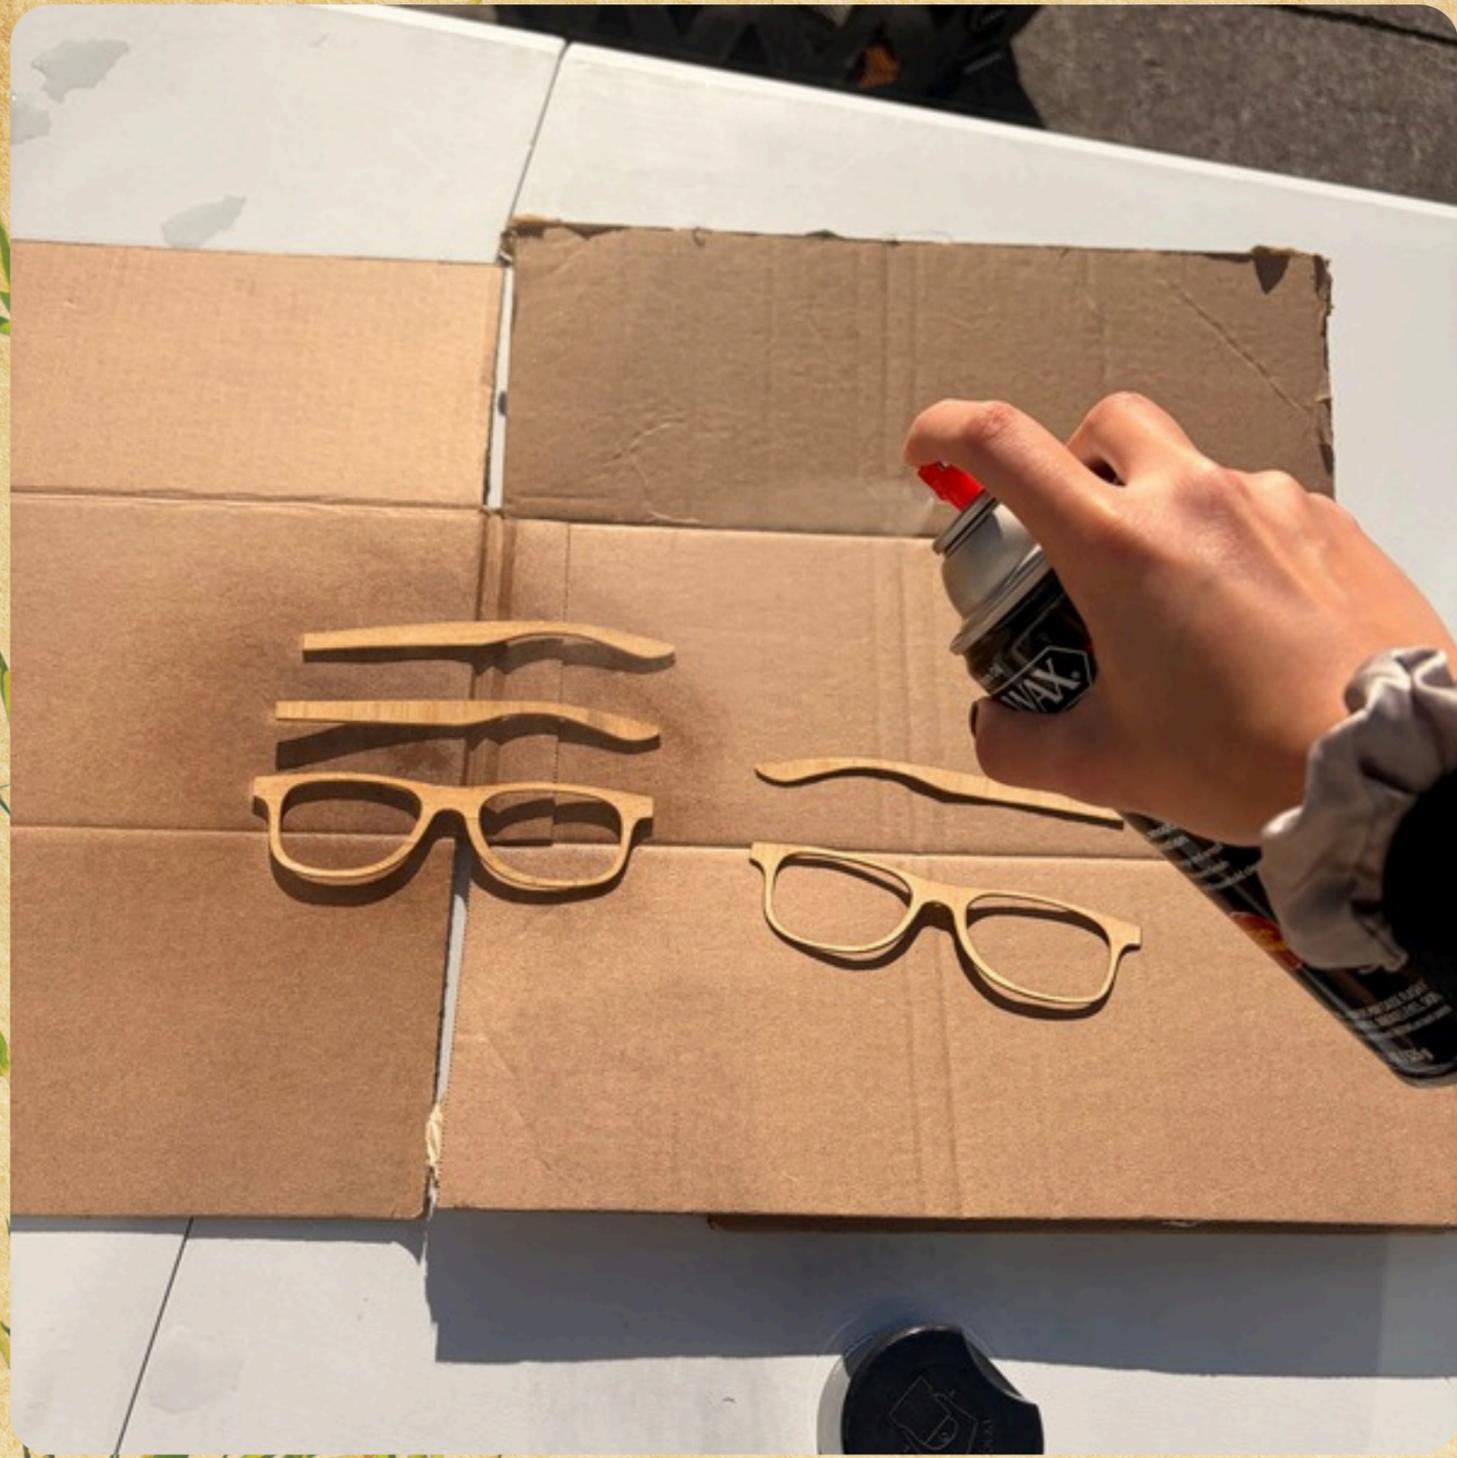

LAZER CUTTING ON 2 GRAINS

SANDING + GLUEING LAYERS

FINISH SPRAY

FINAL PRODUCT

THANK YOU!
