

MIRROR PALAIS SPRING 2026

About Mirror Palais

The reason why I chose Mirror Palais is because of their one of a kind styles and IT girl looks. Marcelo Gaia is the designer and has worked with countless celebrities to show off his talents. He takes inspiration from his own culture as a Brazilian man and uses sustainable practices with pre orders to reduce fashion waste. Gaia inspires me because of the way his styles make women feel. His designs flatter all body types and races and I aspire to make women smile through my impact on the fashion industry as he does with his collections.

Mirror Palais Spring 26'

Summary

I hope you enjoyed looking through my four looks that I designed for Mirror Palais' Spring 26' collection. I had a lot of fun creating and bringing these looks together. My goal was to create designs that would flatter all bodies and celebrate how beautiful I believe all women are.
